

# COVID-19 RESPONSE

MARCH 17, 2020

As the situation progresses, we are striving to continue to provide you with the best service possible. As of now we are still operating and accepting orders. There have been additional precautionary measures put in place to help protect our staff and customers alike.

Our London, Ontario **showroom is now temporarily closed** and we will not be accepting visitors. This will help ensure we can keep our staff and customers safe and keep our manufacturing up and running. **Online and Phone, Customer Service and Sales will be operating as normal.**

Please be aware that we expect some supply chain delays in the coming weeks however we are working hard to keep things moving as smoothly as possible. We have staff ready to work on your new Race Suit and Crew Shirt designs so that you are all set to go once the Green Flag drops!

As always we thank you for your continued support.

Leaf Racewear & Safety Equipment Inc.
